Material guide

Cowhide

Strong, durable leather in a wide variety of finishes.

Sheepskin

Lightweight, supple and soft; widely used in apparel.

Goatskin

Thin yet strong, lightweight and abrasion resistant.

Washable deerskin

Combines water resistance, tear strength and softness.

Softshell

Stretchy and breathable, comfortable and wind resistant. Widely used for outdoor clothing.

CORDURA®

Excellent tear and abrasion resistance. A durable fabric used for riding gear, tents and military equipment.

Polyester mesh

Allows cooling airflow through polyester mesh fabric while riding.

Stretch denim

Stretch denim allows easy movement and a natural riding position.

Stretch cotton

Moderately stretchy cotton follows the legs for a comfortable fit.

Kevlar DuPont™ Kevlar®

Kevlar is also used in protective clothing for its excellent cut resistance.

Standard jacket protectors

Shoulder and elbow protectors meet CE Level 1.

Some models do not include protectors.
The back protector is polyurethane.
Some models include different protectors.

Standard pants protectors

Knee protectors meet CE Level 1.

Only some hip protectors meet CE Level 1.
Some models do not include protectors.
Some models include different protectors.

Specifications and prices may change without notice.
Printed colors may differ from the actual products.

Go for a Fine Ride

Motorcycling nourishes the soul. Since we began riding, it has brought us countless discoveries: majestic scenery, delicious food, irreplaceable friends, and a new side of ourselves. The heartbeat of an engine, the joy of feeling the wind - the sheer pleasure of being alive.

Make every discovery more comfortable. And safer.

With riding apparel that combines style and function, DEGNER helps bring more color to the memories you make on your motorcycle.

How to measure a jacket

Shoulder	Measure straight across between the two shoulder seams. Some styles, including raglan sleeves, have no shoulder-width measurement.
Chest	Measure straight across under the arms, then multiply by two.
Hem	Measure the hem flat, then multiply the width by two.
Sleeve	From the shoulder seam to the cuff, including ribbed trim.
Length	From the highest point at center back, excluding collar and ribbing, straight down to the hem.

Size chart(Jacket / Vest)

Finished garment measurements.
Slight manufacturing variations may occur.

PANTS

Features

HEAT GUARD

NO MORE overheated thighs!

Genuine Leather
Heat guard

Genuine leather heat guards are sewn inside the legs of mesh and denim pants to help protect against engine heat. They also grip the tank, supporting a stable riding position. Riding pants don't have to be full leather.

ひざプロテクター　ひざ・腰プロテクター

Knee/hip Protector

Standard protectors provide impact protection. Easily removed via pockets, they can be replaced with optional protectors (pp. 72-74).

Some models include different protectors.

MESH PANTS

Beige

Our popular textile mesh pants return with upgraded comfort. Jersey panels behind the knees feel great to wear. A wide color range expands your outfit options, and knee protectors adjust to four different heights.

Black　Gray　Navy　Olive

NEW

MESH PANTS

MESH LEATHER PANTS

Popular textile mesh pants take in more cooling air as you ride. Mesh keeps you cool; heat guards help shield you from exhaust heat.

Now in 2XL. Accordion panels above the knees and at the waist give genuine leather pants freedom of movement, with included protectors for added protection.

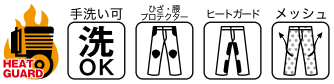

Clean, straight-cut perforated leather pants pair effortlessly with any top or jacket.

Versatile styling for your riding wardrobe.

SUPRA pedag SUPRA

¥1,430

Soft padding gently supports the instep. Also helps adjust the fit for low insteps or high-volume shoes.

●Size: Free
Material: Suede

Leather care guide

Step 1: Brushing

Remove surface dust with a brush or cloth. Invisible dirt and debris can lodge in the leather's pores, so start with thorough brushing.

Step 2: Cleaning

Use a leather cleaner to remove dirt. Different formulas restore the leather's natural character or tackle stubborn stains.

Step 3: Water & Stain Protection

Apply a protective spray to help repel water and dirt. This simple step extends leather life and makes the next care session easier.

Step 4: Conditioning

Use a leather conditioner to help prevent cracking. Various formulas nourish, protect or soften leather.
protectors.

Step 5: Finishing

Finish by buffing with a dry cloth or brushing. Spread any excess conditioner evenly over the surface for a beautiful, uniform finish.

The recommended care sequence varies by product. Read the product instructions carefully before use.
Some leathers may discolor or stain. Always test first on an inconspicuous area.

Steps 1 & 5: Brushing & Finishing Tools

Conditions and nourishes, improving flexibility and refreshing color.

Capacity: 100 m L / Ingredients: Cedarwood oil / Lanolin / Fluorocarbon resin / Suitable for: Smooth leather

All prices shown include Japanese consumption tax.

Custom-Made Leather Jackets

ORDER MADE LEATHER JACKET

Base Design

If an off-the-rack jacket isn't enough, try a custom-made jacket.
A few personal details open up a whole new way to enjoy leather.

ODJ-05 ¥187,000

Material: Cowhide

A stand-collar single-front riding jacket for a clean silhouette.

ODJ-07 ¥187,000

Material: Cowhide

A collared single-front riding jacket, slightly more casual than a stand collar.

ODJ-08 ¥198,000

Material: Cowhide

A rugged double-front riding jacket: a classic leather-jacket style.

How to Order

1. Consultation

Your chosen design, leather and hardware are discussed together to establish the basic specifications.

2. Measurements

Our experienced staff measure each part of your body, considering how you will use the jacket, to establish the pattern dimensions.

3. Trial Fitting (Optional)

Before final production, a full-size fabric mock-up can be sewn for you to check the size and wearing comfort.

4. Production

Your selected leather is carefully cut and prepared piece by piece. Stitching is tailored to the thickness, texture and function of each panel for durability. All parts are assembled, with careful finishing of the lining and seam allowances.

5. Delivery

Delivered to your home or collected at the store.

Select The Fitting

Choose the leather color and texture, zipper style and more.

Leather defines the character of a jacket. Choose from smooth surfaces to pronounced natural grain.

Express your individuality with a rich-colored lining or a Japanese-pattern fabric.

Choose the details that suit you.

We use YKK zippers. Choose the color, shape or two-way design to match your desired look.

39 years of leather repairs, care and customization

DR

Repair&Custom Factory

Experienced staff at our Kyoto workshop repair leather goods of any brand!

Founded in 1987, DEGNER began with the repair of a racing suit and the creation of made-to-measure racing suits. Our belief that leather should be repaired and kept in use lives on in every part of our range: motorcycle side bags, gloves, jackets, pants, wallets and more. We remain committed to helping you enjoy your leather goods for years to come. This philosophy extends to all leather products, so we also accept repairs, care and customization for other brands.

What every rider should know

Chest injuries are the leading fatal injury in motorcycle accidents.

Motorcycle accidents can be devastating. A 2024 Tokyo Metropolitan Police survey found chest injuries in over 40% of motorcycle fatalities, exceeding head injuries as the leading fatal injury site.

Yet fewer than 10% wore chest protectors. The most common reason for not wearing one was inconvenience; appearance ranked fourth.

Main injury site in motorcycle fatalities, 2024 (%)

We want fewer riders to suffer. DEGNER aims to create chest protectors you want to wear, continuously improving flexibility, ventilation and silhouette to encourage more riders to use them.

DEGNER chest protectors also meet the as recommended protectors by the Japan Motorcycle Accessories Association (JMCA). Excludes standard supplied protectors.

Two stars: Equivalent to CE Level 2
One star: Equivalent to CE Level 1

DEGNER sincerely hopes to reduce the number of people who suffer because of motorcycle accidents.

DEGCODE

Post with #DEGCODE for a chance to win great prizes!
Round 3's theme: Outfits featuring DEGNER jackets, pants and boots.
Introducing wonderful photos from 10 randomly selected participants!

x_x_x_hide_x_x_x

I find the quality and design excellent. I own several jackets and pants, wear them every weekend, and know I can rely on them.

Maachin

I've worn DEGNER since I started riding.
I've always wanted to be featured, so I'm thrilled!
Thank you!

@kor.t120

Comfortable summer riding in a DEGNER mesh jacket!

Kacchan

My first DEGNER purchase, and I love both the design and how comfortable it is. It makes me even more excited to ride.
Thank you!

hiroko (left), ayu (right)

I love DEGNER products: cute and reassuring, so I can enjoy a feminine style while riding.

par

h.yamaha_mt

I'll keep enjoying my DEGNER gear!

Shiba Innu

You

From apparel to side bags and wallets, somehow everything I own is becoming DEGNER! (Laughs)

WAKame

It was an early Christmas present in the summer heat. I never expected such a wonderful gift from DEGNER as well!

Thank you for all your wonderful posts! Look forward to our next campaign!

Genuine Leather x Kinran Brocade

KAZAN unites genuine leather and kinran brocade with delicacy and boldness. Introduced from China in the Azuchi-Momoyama era, brocade evolved into a distinctive Japanese tradition through Kyoto's Nishijin weaving. KAZAN preserves the beauty of shimmering threads while using durable polyester rather than silk for everyday riding practicality.

Genuine leather outside and lavish Kyoto-inspired kinran brocade inside define this signature jacket, now available in Gray. Brocade glimpsed at the collar, zippered cuffs and back action pleats adds color to your riding life and expresses the understated Japanese elegance of iki. A distinctive piece for yourself or a thoughtful gift for someone special.
